TO: All U.S. Figure Skating Club President and Current Delegates

FROM: Lynn Goldman, Chair, Nominating Committee

Each year the Nominating Committee is charged with selecting qualified individuals to replace members of the Board of Directors whose terms are expiring. In addition, the Nominating Committee recommends to the president the appointment of all committee chairs.

The Nominating Committee seeks the names of interested candidates from several sources. One of these sources is our membership. All members of US Figure Skating, 18 years of age or older can make their recommendations to the Nominating Committee on line via the US Figure Skating members only web page. This web page shows the current office holders and the number years of served in the position.

Please let your club members know that the nominations web page is now open and will remain open through December 31, 2007.

If you have any questions or comments regarding the Nominating Committee and its procedures, please feel free to contact me at lgoldman1@austin.rr.com or any of the Nominating Committee members.
