On-Ice Clinics

Bronze Clinic

Instructor: Ryan Zeltner

Fridays 4:45 - 5:15 pm

Prerequisite: *None*

This program is designed for the skater who has not yet taken his/her Pre-Juvenile Moves test. The clinic focuses on learning stroking technique, developing power, and improving edge quality. It may be beneficial for skaters to repeat the clinic until they pass the Pre-Juvenile Moves test.

This clinic is a great way for your skater to get comfortable on a session with other skaters. In addition to learning techniques, skaters learn how to become aware of other skaters on the ice, how to work together in a group, and general ice etiquette.

The clinic is followed each week by a one hour a Junior Club session. Skaters are encouraged to also contract for this session to practice what they have just learned in the clinic. For those skaters who do not want to contract for the entire session, SFSC offers punch cards. The \$70 (home club) card is good for 10, 30-minute sessions. To purchase a card, see the ice monitor.

Ryan passed her USFS 7th Figure and Junior Freestyle test. She has a Master's Degree in Education. If enrollment numbers permit, *Franklyn Singley* will be added as an additional instructor.

Silver Clinic

Instructor: Kristy Brickel

Wednesdays 7:00 - 7:30 pm

Prerequisite: *Pre-Juvenile Moves test OR enrolled in 6th grade or over and Preliminary Moves*

This on-ice clinic will focus on the components elements of the IJS judging system which includes five areas: **Skating Skills, Transitions, Performance and Execution, Choreograph, and Interpretation.**

The main components we will work on will be Skating Skills and Transitions, but we will also blend in the other components thorough the sessions.

Skating Skills refers to overall skating quality: edge control and flow over the ice surface demonstrated by a command of the skating vocabulary (edges, steps, turns, etc), the clarity of technique, and the use of effortless power to accelerate and vary speed. **Transitions** refers to the varied and/or intricate footwork, positions, movements, and holds that link all elements. In singles, pairs, and synchronize skating this also includes the entrances and exits of technical elements. Home club skaters who have passed their Senior Moves test may walk-on to the clinic at no charge if space permits.

Kristy is a triple gold medalist in moves in the field, supplemental moves, and freestyle. She has over 19 years of experience and has coached regional and national collegiate skaters. She specializes in stroking and power, moves, and freestyle.

Off-Ice Clinics

Strength and Stretch Class

Instructor: Daria Classen

Saturdays 10:00 – 10:45 am

Prerequisite: *None*

This class is for all skaters regardless of dance experience. It will combine ballet, yoga and Pilates to strengthen, lengthen, and help further develop artistry on the ice. Substitute instructors will be used when the instructor is unavailable. Daria is a PSA master-rated professional in freestyle and choreography. She is a double gold medalist and prior to her coaching career she toured as a Principal skater with *Ice Follies*. In addition to her many years of coaching experience, Daria is certified in both yoga and Pilates, and has taught ballet for over twenty years.

Ballet for Figure Skaters

Instructor: Daniel Cho

Mondays 6:00 pm - 6:45 pm

Prerequisite: *None*

This class is a ballet/conditioning program that will help skaters achieve a higher level of success on the ice. Ballet is an integral part of figure skating. The stronger a skater is off the ice with respect to understanding and achieving body alignment, core strength, flexibility, and fluid movement on the floor, the better a skater will become.

Daniel is from San Francisco, California, and holds a BA special major in Dance and Education from Swarthmore College. He received his training from Point Park Conservatory, the Laban Conservatoire in London, the Ballet X Summer Intensive, the San Francisco Conservatory of Dance and the Coastal City Ballet in Vancouver, British Columbia. Daniel is a recent graduate of the Alonzo King LINES Ballet Training Program, where he had the pleasure of performing works by Alonzo King, Angela Dice Nguyen, Sidra Bell, Shannon Gillen, Alex Ketley, Gioconda Barbuto, Maurya Kerr, and Gregory Dawson. He is thrilled to be joining Verb Ballets as an apprentice for the 2018-19 season.
